Reset

07

Fill in with the suffix

If the currency pairs have a suffix, it is important to specify it so that the Expert Advisor functions correctly, regardless of whether the accounts are Standard or Cent.

Illustrative image

1 - Check if the currency pairs in your account have a suffix.

EURUSD-STDc

EURUSD-STDc, M5: Euro vs US Dollar

CommonInputs

Variable	Value
ab E-mail	provide a valid email address
01 Restart (0=Always)	0
↗ Comments on Chart	true
ab Coments	JMIv065_HOM_Final-I.mq5
≡ Speed/Expose	Slow
ab Symbol Suffix	-STDc
↗ Debug	false
ab =====	===== Comentários =====

2 - Fill in the suffix exactly as it appears in the image.
